

We need action taken about speeding

We love living in Leconfield

We need the potholes in the roads fixing

We want a shop and Post Office in the village

We are interested in rewilding verges on the approach to the village

A community gardening group needs to be established

The village advertises amenities – we don't want to lose them – we want to increase and improve them

We want to keep the village hall - if we don't use it we'll lose it

Parking at junctions is unsafe and needs addressing

We don't want developers gaining access through Harthill Avenue

We need more dog litter bins

Houses could lose value if no shop in the village

What You Told Us (community engagement)

We need to improve green space in line with environment and to support mental health

Annual awards need to be reinstated

No childminders in the village – parents opt to send children to neighbouring schools

Some of the footpaths have dropped down and need fixing

People don't know what's going on in the village – communication needs to be better

More confidence in the Parish Council – taking more action

Need to ensure that environmental issues are taken into account when carrying out work on the village hall

We need more seats or benches around the village

Ask residents to "adopt a plant box" to look after to improve the look of the village

We need improved internet connection

Could there be a café in the village hall for mothers to use whilst at the park
